

July 2011

Dear Corporate Member:

We are pleased to announce that the South Carolina Gastroenterology Association celebrated our 10 year anniversary in 2010. Our organization and activities continue to expand.

The purpose of the South Carolina Gastroenterology Association is to: promote the digestive health of South Carolinians, to foster the development and fellowship of physicians and medical professionals who have similar interests in the practice of gastroenterology and endoscopy and to maintain the highest standard of clinical practice in the field of gastroenterology and endoscopy. Our organization was established to develop a strong network for the gastroenterology community in South Carolina. Our work has evolved over the past few years and we are proud to be engaged in innovative programs that are making a difference in our community and improving the health of our citizens.

The South Carolina Gastroenterology Association Foundation is proud to extend a Corporate Membership program opportunity for our industry partners. We need your help to sustain our statewide efforts and our mission. We are intent in making sure that your concerns and interests are heard in South Carolina and that the GI community speaks with one persuasive voice. We hope that you will consider the different levels of membership attached here. There are a variety of benefits offered to our corporate members. Membership provides your organization with an excellent opportunity to nurture successful relationships with the gastroenterology community, have input into future directions of the care of patients with digestive diseases in South Carolina and to improve the health of our citizens. Your opinions matter.

We would like to thank you for your support of the South Carolina Gastroenterology Association throughout the years. If you have any questions about becoming a Corporate Member or the corresponding benefits, please do not hesitate to contact **Marylou Stinson at 803.351.5197** or via email at **mstinson@scgastroassn.com**.

Sincerely,

Salvatore A. Moscatello, DO, FACP
President
